STANDARD CLUB HOURS

1PM-6PM

Conquer the dreaded learning loss of summer break with daily Science, Technology, Engineering and Math filled programming. Youth will participate in fun and educational activities from science projects to ecology days that build on core subjects they've learned in school!

ACTIVITIES

- Science Projects
- STEM Arts
- Jeopardy
- Ecology Days
- And More!

Top: Kids engineer and test air pressurized rockets.
Bottom: Seed-To-Table Coordinator Adrianna teaches two girls about ecology.

Studies have shown that sports don't just benefit the health of their participants but can also boost esteem, brain function and promote good citizenry through teamwork. Whether youth are new to athletics or have been training for years, fun mini-games and drills will help give them confidence to achieve their dreams.

Top: Kids get active by playing a competitive game of dodgeball in gymnasium.
Bottom: Member is introduced to a variety of sports such as lacrosse and tennis through fun mini-games and drills.

SPORTS

- Basketball
- Soccer
- Tennis
- lacrosse
- Volleyball

Youth are able to relax and enjoy themselves playing table games in our spacious games room and outdoor spaces, or express themselves doing arts and craft projects in our center of innovation. No matter the activity, campers join staff for some quality fun and joy this summer.

PLAY

- Spikeball
- Capture the Flag
- Air Hockey
- Can Jam
- And More!

Top: A group of boys compete in a pool tournament in the social recreational games room.
Bottom: Member finishes a challenging obstacle course relay on our outdoor field while his teammates cheer him on.
